

EVENT: BOT-O-MATIC

INTODUCING “GUAVABOT”

PROBLEM: Nowadays, the population of students in India is in hundreds of millions. And every year many students pass from 10th class and enter 11 class, which will decide their destiny and career. And it is very heartbreaking to see many students not get proper counselling and advice on this issue which holds their future. And as a result many students end up taking either taking wrong options or give up

SOLUTION :

THESE STUDENTS ARE IN THE NEED OF A FRIEND OR COMPANION WHO IS THERE FOR THEM TO HELP THEM TAKE SUCH AN IMPORTANT STEP IN THEIR LIFE...

WHO IS ABLE TO ADVISE AND INTERACT WITH THEM AND HELP THEM LIGHT UP THEIR FUTURE AND BE SUCCESSFUL.

So, We have created a chatbot which deals with young and passionate students to take proper decision and overcome such critical life problems. And also this is also a virtual friend who will not let the student feel like they are talking to a non-living device..

THE BOT IS CAPABLE OF FOLLOWING THINGS:-

- 1) ASKING STUDENTS ABOUT THEIR INTERESTS AND DAY.
- 2) INTERACTING WITH THEM AND GIVING GOOD ADVICE ACCORDING TO THE SOLUTION VARYING FROM THEIR STUDIES OR PERSONAL ISSUES.
- 3) KEEPING THEM MOTIVATED AND MAKING THEM FEEL VALUED IN THE WORLD.
- 4) BEING THERE LIKE A FRIEND FOR HIM/HER.
- 5) HELPING THEM GROW AND APPRECIATING THEIR DAILY EFFORTS WHICH USUALLY GO UNNOTICED BY EVERYONE.
